My sweet heart Jiny,

I sure am going to have a busy night tonight, and a busy day tomorrow, trying to catch up with my correspondence For the past week or two I havint been writing to anyone but you and Jim I guess I wrote one letter to Inez and told her you would like to have her come to our house some weekend. and that is about all. somehow I just havint spent a lot of time writing. I have been going to the show quite a bit this last week. And then when I did get back to the hut, that is when I didnt go over to the chiefs club and start drinking beer and stay there for the evening. I would feel more like reading then writing letters. I got another letter from you today your letters have been so nice lately it really seems like something to get a letter. you mentioned Dan Kramer staying at our house. Of course he is welcome to stay there its your relation and our house. And I wouldnt even bother to try to explain that to the neighbors. Tell them you got tired of waiting for me and went out and got yourself a boy friend, then let them wag their old tongues. That will be a sorry state of affairs when we have to ask the neighbors who can come into our house and who cant. You know darn well I wouldnt question that so dont worry your pretty little head about anyone else. I am glad if they
